Dear Community Members,

As elected members of our Community, one of the Central Board's duties to our Community members is to be financially accountable and responsible. As a result, we have unanimously approved establishing a new "Financial Review Committee", consisting of a limited group of qualified impartial individuals appointed by the Central Board. This committee will be tasked to review and evaluate the finances of any UMJCA committee or program that either receives allocations of budget from the Central Board or receives revenue or donations from our community members to operate their programs or services.

With strict adherence to confidentiality, our goal is to objectively ensure all our vital programs are financially sound, which will assist us with budgeting our Community's revenues and expenses for the foreseeable future. The Financial Review Committee's responsibilities will include a review of each programs' cash flows as well as each programs' revenues and expenses over the past few years.

As we continue to assess and monitor our annual budgets, we have faith in our members that even in times of hardship we will each continue to contribute to the best of our abilities, as we all value the importance of having all the benefits and services our Community has to offer.

Best wishes for a happy and healthy new year to all.

Thank you.
