

Dear Community Members,  
 Our Dedication Committee will be available to review and assist you in your selection. The Dedication Committee will also be able to assist those donors who prefer to choose one of the very few remaining dedications in other UMJCA buildings. **In addition, all donors who help purchase Shaare Rachamim Synagogue and Mikveh Moshe will be recognized appropriately, including in the lists that will be published in our various synagogues in the month of August.** Just as the Mishkan was built with donations from every Jew of that time, so we hope that every member of our beloved community will partake in this journey.
